WHY PLANET?

Fast, Affordable Rebuilds and New Industrial Radiators

REPAIRS, REBUILDS & RETROFITS

In Planet Engineering Facility, we service, repair and rebuild all kinds of radiators from automotive to truck and industrial, with capabilities to make minor repairs, complete rebuild of a radiator. We are well equipped for cleaning, testing, and diagnosing all cooling systems from diesel to gas engines, including low-flow design radiators. Our workshop is built to accommodate heavy duty radiators in the industry.

Automotive	Heavy Equipment	Oil & Gas Industry
Chemical Plants	Commercial Generators	Marine Heat Exchangers
Power Generators	Off-Highway Equipment	Radiator for Truck & Heavy Duty
